

Welcome to On Belay!

We are looking forward to seeing you at our next program,

On Belay programs provide children who have lost a parent to illness or are dealing with a loved one's diagnosis of a life-changing illness a supportive community with children who are dealing with the same challenges.

On Belay programs offer a series of challenge by choice activities designed to involve the entire group as each participant challenges themselves and supports others as they do the same. Our trained facilitators and volunteers are there to ensure the physical and emotional safety of participants and to facilitate a curriculum that meets the following goals:

- Create an environment where participants feel comfortable and supported by staff and volunteers.
- Provide participants with a place to make new friends.
- Give children the freedom to focus on themselves and have fun.
- Offer opportunities for participants to challenge themselves in new ways.
- Create an atmosphere where participants support each other as they tackle new challenges.
